

Dear Hiring Manager,

I am excited to apply for the Graduate Engineer position at Ericsson, a company renowned for its cutting-edge advancements in telecommunications and technology.

Currently with 3 weeks to complete my degree in Electrical and Electronics Engineering from University of Nairobi, I have developed a strong foundation in wireless communication, signal processing, and network systems.

My academic projects, most of which are IoT enabled, have equipped me with practical skills and a problem-solving mindset essential for contributing to Ericsson's innovative projects.

Additionally, my internship experience at Geviton Enterprises Ltd. has honed my ability to work collaboratively in dynamic team environments while adhering to tight deadlines. I am enthusiastic about the opportunity to bring my technical expertise and passion for innovation to Ericsson, and I am confident in my ability to contribute to your mission of shaping the future of connectivity. Thank you for considering my application.

Sincerely,

Donatus Omondi
