RE: INDUSTRIAL ATTACHMENT: OCHIENG DONATUS OMONDI – F17/1798/2019

This is to certify that the above named is a fourth year student in the Department pursuing a five-year BSc. degree program in Electrical and Information Engineering.

As part of the fulfilment of the degree programme, our students are required to go for industrial attachment. The current academic year is scheduled to end on 2nd June, 2023 and he is expected to proceed on attachment for a period of three months between June and August, 2023.

Your assistance will help him acquire the practical knowledge in the industry that will boost the theory learnt in class.

Your assistance will be highly appreciated.

A handwritten signature in brown ink, appearing to read 'G. N. Kamucha'.

Prof. G. N. Kamucha
Chairman,
Dept. of Electrical & Information Engineering.
